## Project Title: Ayrton Senna Website

I will build this site as multiple pages, rather than a long, single page website. Typical site navigation probably across the top. I am also thinking of having a static nav bar by using some of the positioning we recently learned I think there is plenty of content and photography to build out individual pages.

- **Home Page/Introduction** – Introduce basic points of who Senna was and his impact on the sport of Formula 1.
- **Early life and career**
- **Formula One career**
- **Death**
- **Legacy**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
